

Camden County College

Camden County College trusted CES to provide full site design and permitting services on the following buildings which are integral to their education mission:

- **CIM Building – Camden County College, Blackwood Campus** - Computer Integrated Machinery building provides a hands on factory facility for students interested in robotic manufacturing and also has many classrooms for business and other curriculums.

- **Camden County Police Academy Building, Blackwood Campus** – This facility houses the Camden County Freeholder's education facility for police departments throughout South Jersey. Taught by law enforcement professionals, this facility provides many newly trained police officers in any given year.

- **Camden County College, College Hall – Camden Campus** – Houses 40 classrooms and is the main Camden Campus for Camden County College. It also provides classroom space for students pursuing a Bachelors Degree through a program with Rowan University.
