**LOT #:**

Is this property within a development?

Yes

No

If yes, which development is this property located within?

What is the reason for survey?

How did you hear about CES?

Set Property Corners?

Yes

No

Under NJ law a Licensed Surveyor is required to set any accessible unmarked property corners at the time of the survey unless directed not to by the ultimate user of the survey. If any accessible property corners are not found, CES can set those corners (18" rebar with a yellow plastic cap) at an additional cost. If you do not wish to have the unmarked corners set, and therefor incur no additional cost, the attached waiver can be signed and returned to CES.
